

MEDIA IN MISSIONS

(An online missions media training/ coaching)

THIS COACHING IS BROUGHT TO YOU IN PARTNERSHIP WITH **JOSHUA CHEW VISUALS**

How do I take better photos for my newsletter updates?

How do I use media to show the urgency and need of the field to my friends and churches?

How can I preserve stories of God through media for the next generation?

We want to journey with you to gain photography and videography skills, enabling you to impact the world through MEDIA.

This coaching is conducted via ZOOM, and is a practical course.

Photo and video assignment submissions are required after each session to advance to the next session.

What will I get from this course?

- Take better photos with good composition that are eye catching
- Take photos that tells a story.
- Understand the basics of reading light.
- Understand dynamic range and how it affects image quality.
- Shoot decent quality videos with basic budget equipment.
- Plan and shoot videos that tell a story.

But I don't have a camera!

You do not need a camera for these sessions.

The course focus on learning skills and knowledge in media.

Basic requirements are:

- Any smart phone with camera.
- Basic laptop (for post processing/ editing)
- Internet connection

How can I join?

- As an individual
- With your spouse
- As a ministry team with you mission's agency/ organization.

How do I enrol?

- Send us an email or Facebook message expressing interest.
- We will send you a registration form to be filled up.
- After we receive your form, we will arrange for an orientation (30min) with you.
- You will then arrange your first session schedule with us.
